Gap Analysis Template · Beginner version

A gap analysis template compares where you are with where you want to be, scores the size of each gap and turns it into actions, so improvement work focuses on what matters most.

Gap analysis · Gap = target score − current score

Area	Current state	Desired future state	Actions to close the gap	Owner	Due date
Project planning	Plans in personal spreadsheets	Standard plans in one tool	Roll out a work management tool and templates	PMO	30 Jun 2026
Risk management	Risks rarely recorded	Live risk register on every project	Introduce risk register and monthly review	PMO	31 May 2026
Reporting	Monthly manual reports	Weekly automated dashboards	Build dashboard from tracker data	Analyst	31 Jul 2026
Skills	Few certified PMs	All PMs trained in core methods	Training plan and certification budget	HR	30 Sep 2026
