Business Plan Template · Beginner version

A business plan template gives you a proven structure for describing your business, market, strategy, operations and finances, so you can raise money, align partners or simply think clearly about where the business is going.

Business plan · Work through each section and track progress

Section	What to cover	Your answer	Owner	Status
1. Executive summary	The business in one page: problem, solution, target customers, why now, financial headline and the ask.		Founder	Not started
2. Company description	Mission, legal structure, location, founders and stage of the business.			Not started
