User Story Template · Beginner version

A user story template helps you write requirements from the user's point of view, 'As a… I want… so that…', with clear acceptance criteria, so teams build what users actually need.

User stories · Write stories that are Independent, Negotiable, Valuable, Estimable, Small and Testable (INVEST)

ID	As a…	I want…	So that…	Status
US-01	customer	to reset my password by email	I can log in without calling support	Not started
US-02	customer	to download my invoices	I can send them to my accountant	Not started
US-03	support agent	to see a customer's last login	I can troubleshoot faster	Not started
