

# Marketing Plan Template

· Beginner version

A marketing plan template sets out your marketing strategy for the year: goals, audience, positioning, channel strategy, budget, KPIs and a quarterly plan, so marketing spend supports business goals.

## Marketing plan

· Annual marketing strategy

| Section                      | Guidance                                | Your content |
|------------------------------|-----------------------------------------|--------------|
| Business goals               | What the business needs from marketing. |              |
| Marketing goals (SMART)      | Measurable targets.                     |              |
| Target audience / personas   | Who you are trying to reach.            |              |
| Positioning and key messages | Why customers should choose you.        |              |
| Competitive landscape        | See the competitor analysis template.   |              |
| Channel strategy             | Which channels and why.                 |              |
| Budget                       | See Budget by channel tab.              |              |
| KPIs                         | How success will be measured.           |              |
| Team and responsibilities    | Who does what.                          |              |
|                              |                                         |              |
|                              |                                         |              |
|                              |                                         |              |
|                              |                                         |              |
|                              |                                         |              |
|                              |                                         |              |
|                              |                                         |              |
|                              |                                         |              |
