Marketing Campaign Plan Template · Expert version

A marketing campaign template helps you plan a campaign from goal to results: audience, message, channels, tactics, budget, timeline and the KPIs you will use to judge success.

How to use this template

1. Complete the Brief tab: goal, audience, message and offer.
2. Plan tactics by channel with owners and dates.
3. Allocate budget; the total calculates automatically.
4. Set a KPI and target for each tactic.
5. Track actual results weekly and shift budget to what works.

Tips

- One clear goal per campaign.
- Test messages before scaling spend.
- Use UTM links to track results.
- Plan content in the content calendar.
