Workflow Template · Beginner version

A workflow template maps a business process step by step: who does what, with which inputs and tools, what they hand over and how long it takes. It is the first step to standardising or improving a process.

Workflow · Map the current process, then redesign it

Step	Activity	Owner / role	Input	Output	Hand off to
1	Receive request	Coordinator	Request form	Logged request	Team lead
2	Assess and prioritise	Team lead	Logged request	Priority and owner	Specialist
3	Do the work	Specialist	Brief	Draft	Reviewer
4	Review	Reviewer	Draft	Feedback or approval	Specialist / requester
5	Deliver and close	Coordinator	Approved output	Delivered output	Requester
