Sprint Planning Template · Advanced version

A sprint planning template helps a Scrum Team agree a Sprint Goal, check capacity, select Product Backlog items and plan the first tasks, all in one view the team can use throughout the Sprint.

Sprint plan · Sprint Goal: customers can manage their account without calling support

Backlog item	User story / description	Story points	Owner	Tasks	Acceptance criteria	Status
PB-101	As a customer, I can reset my password by email	5	Ana	API endpoint; email template; tests	Reset link expires after 1 hour	Not started
PB-102	As a customer, I can download invoices as PDF	3	Ben	PDF service; download button	PDF matches invoice data	Not started
PB-103	As support, I can see a customer's last login	2	Chen	Admin view field; audit log	Shows date and time in local zone	Not started
PB-104	Spike: evaluate search library	3	Dana	Prototype two libraries	Recommendation documented	Not started
Total		13				

Capacity · Check capacity before committing to the Sprint Backlog

Team member	Available days	Focus factor	Capacity (days)	Notes
Ana	9	0.80	7.20	1 day leave
Ben	10	0.80	8	
Chen	8	0.70	5.60	Support rota
Dana	10	0.80	8	
Team total	37		28.80
